## REFEREES

## PROFILE

I am a final year Interior Architecture student in MTU. From studying the course I have gained experience in domestic and commercial projects. Through college and working in practice I have developed a strong interest in interiors, and would like to further expand my experience in the area.

## EDUCATION

2020 - Present **Munster Technological University**  
Bcs Hon Interior Architecture  
Grade Average - 2:1

2014 - 2020 **St Aloysius College**  
Secondary School Education  
Honors Leaving Certificate Completed in 2020

## WORK EXPERIENCE

### CSA Department Intern

June - September 2023 | DPS Engineering | Cork

For the duration of the summer I worked as an intern within the Civil, Structural, and Architectural Department in the Little Island Offices of DPS Engineering. Over the course of the summer I held a number of responsibilities included:

- Creating detailed SketchUp Models of the proposed buildings and site context.
- Producing detailed site renders showing phased construction of the project.
- Aiding with the development of the design of office spaces.
- Assessment of previous planning applications on current projects to establish potential requests for information from planning authorities.

### Architectural Intern

January - February 2023 | FMP Architects | Cork

For the duration of January through February, I worked as an intern in FMP Architect in Cork City. Over the course of the month my responsibilities included:

- Working on the design development of entrance and boardroom spaces using CAD and Sketch Up.
- Taking part in site visits.
- Developing an infographic which described the steps involved in domestic projects, and posters on previous projects completed by the practice..
